1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. McGurk on 8/3/04.

The application has been amended as follows: Please amend claim 10 as follows:

10. (Currently Amended) A method for producing a floor covering based on linoleum according to Claim 1 comprising applying the lower layer onto the backing; and forming the wear layer on the lower layer, further comprising applying a conductive web strip to a side of the backing away from the lower layer, wherein the conductive web is in electrical contact with the lower layer.

Please cancel claim 11.

Claim 12, line 1, delete "11" and insert therefore - - 10 - -.

2. The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that Leukel teaches that the backing should be non-conductive and therefore teaches away from the claimed invention, (see col. 2, lines 26-39).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
